

Outdoor Education Class Options

RECREATION TRACK

- **Target Range**
Partake in guided archery, hatchet throwing, or crossbow shooting.
- **Boating**
Enjoy a relaxing paddle around Peter's Pond, down in the beautiful Chagrin River watershed.
- **Adventure Course**
Develop team building on our low ropes course, or take on our 16-obstacle high ropes course.
- **Alpine Climbing Wall**
Rise to the challenge on our two-sided, 35ft rock-climbing wall.
- **Fishing**
Enjoy a few relaxing casts down by the lake, see who can catch the biggest fish!
- **Orienteering**
By learning to use a map and compass, successfully guide yourself through different landmarks to complete the course.
- **Survival Skills**
Learn fire starting, shelter building, and how to safely source food & water. Review how to be prepared and safe in the wilderness to avoid emergency survival scenarios altogether.

EDUCATION TRACK

- **Outdoor Education Programs**
Experience our interactive lessons on micrology, animal and plant adaptations, predator/prey relationships, habitat stewardship, stream & pond studies, geology, fossils and more!
- **Guided Hikes & Creek Walks**
Enjoy our scenic, 172-acre property while we guide you through plant & animal identification, tree rubbing, geology at Clay Hill, forest & stream studies, and dichotomous key training.
- **Historic Pioneering**
Practice paper making, butter churning, candle making, and campfire cooking. These skills that once defined everyday life for the common American, help us connect with our history and appreciate how far we have come.
- **Watershed Study**
Research our local rivers and lakes by testing PH & water quality, viewing samples under a microscope, and identifying macroinvertebrates to determine the health of our aquatic habitats.
- **Weather & Water Cycle**
Explore the wonders of meteorology by measuring temperature, humidity, wind speed and precipitation. Observe the many ways these factors affect our local ecosystems.

CAMP COMBO

- Mix and match options from both Recreation and Education to create your own customized camp experience!

To discuss your class trip please contact Andrew Lefer, Outdoor Education and Retreat Coordinator
